**Notes:**

- Please ignore specials and unavail column - that's just to help whilst we're planning, I will remove it when we're ready to publish the rota.
- The 1st reading in each box is the support reading and the 2nd reading is the text on which to base your sermon.
- RE: 10 Commandment Series - J. John has produced an excellent book to accompany the series, which may provide useful for illustrations and ideas for sermon prep. I have two copies you can borrow, I'm happy to order more. Please get in touch if you would like a copy.
- Richard Bewes has kindly designed the series on characters from the Book of Judges, please do feel free to 'roam' a little in the surrounding passages so that we can present as much of the full Bible 'Character' as possible.
- I have suggested some sermon titles for the evening sermon series, as discussed - please ignore them if they are not helpful, but please stick to the synopsis of "sharing our faith."
